

Illinois Licensure Testing System

Interpreting Your ILTS Score Report

Your ILTS score report provides your results and a description of your performance for the test taken on the test date.

1 Status

If you received a scaled total test score of 240 or above, you will receive a "Pass" status. If you received a scaled total test score below 240, you will receive a "Did not pass" status.

2 Scaled Total Test Score

Your scaled total test score is reported on a scale from 100 to 300. Your score is based on your performance on the constructed-response assignments.

3 Component Score

Your component scores are reported on a scale from 100 to 300 and provide feedback on your performance by subarea. This descriptive-only information may help you assess your strengths and weaknesses.

Constructed-Response Information

Scorers judge the overall effectiveness of each response using a score scale and a set of performance characteristics. Refer to your score report backer and the study guide for more information.

4 Performance Indicators

Performance indicators provide information on your performance on each constructed-response assignment and may help you assess your strengths and weaknesses.

5 Performance Characteristics Not Mastered

If you did not pass a component, the number(s) indicated refer to the performance characteristic(s) not mastered in the subarea. In this example, "1" refers to **Purpose**.

6 Reporting

Your scores are automatically reported to the ISBE. The Illinois educator preparation program(s) listed receive your scores as you indicated during registration.
